**TITLE:** Refunding the 1999 Gross Receipts Tax Revenue Bond

**ACTION:** Motion to adopt **Ordinance 2005-** authorizing the issuance and sale of Bernalillo County, New Mexico Gross Receipts Tax Refunding Revenue Bonds, Series 2005, in the aggregate principal amount not to exceed \$45,735,000.

### **SUMMARY:**

The County of Bernalillo currently has one outstanding gross receipts tax revenue bond issue that is available for refunding and meets general refunding criteria of the New Mexico Department of Finance and Administration. The refunding of the County's Series 1999 bonds can provide significant, ongoing cash savings to the County. Current market conditions are ideal to take advantage of an advanced refunding opportunity since interest rates should continue to rise throughout the year.

The proposed refunding will call approximately \$45,735,000 of the Series 1999 bonds. The funds to call the refunded maturities will be placed in escrow until the call date on October 1, 2009 for the Series 1999 Bonds.

The total proposed size of the refunding issue is estimated at a par amount of approximately \$43,000,000, which includes costs of issuance and advisory fees. Based on this amount, the net present value savings is estimated at \$2,200,000 or 4.9% of the refunded debt.

### **ATTACHMENTS:**

1. **Ordinance 2005-** Refunding Revenue Bond Ordinance
2. Affidavit of Publishing

### **FISCAL IMPACT**

Assuming interest rates do not change by the time the refunding bond is sold (approx. six weeks), the present value of the savings will be in excess of 4.9%. After the bond is sold a bonding capacity analysis will be completed in order to determine the final effect upon the County's bonding capacity.
